

# **GET FILLED TODAY**

## **PRE-CONFERENCE INSTRUCTIONS**

Groups interested in scheduling a **GET FILLED TODAY** conference should be advised that while the preparations are very simple, they are mandatory pre-requisites for a successful conference. The goal is to ensure that each participant not only is filled with the Holy Spirit, but also, has an understanding of their connection to God, their role in his kingdom, how to manifest the powers of the Holy Spirit, the nature of and reason for water baptism, and what changes they might need to implement in pursuing a life of holiness before God.

Conferences may be scheduled for groups of any size up to three hundred (300) persons. Participants do not need to be baptized prior to the conference. However, preparations should be made for each participant to be baptized in water by

full immersion immediately after the conference if they so desire, or preferably within the following week.

The required texts for each conference participant is *The Twenty-First Century Disciple: A Manifesto For Change* (2014) and *The Sons of Zion Versus The Sons of Greece: The Antichrist Revealed* (2015), by Rebekah Isaac. The reduced cost for conference participants is \$20 for the two books. Relevant portions of the books will be read during the conferences, and participants will be allowed an opportunity for a question and answer period related to the contents of the books or to general Christianity, discipleship, and living a life of holiness. Major theological questions should be submitted in writing prior to the conference in order to smooth the flow of the conference for all participants. Additional questions during the conference can therefore be limited to conference-related clarifications.

Conferences may be held in person or by videoconferencing, Skype or telephone conferencing, and will have a duration of approximately four hours depending on the

size of the group. Groups may be made up of individuals from Christian churches or any other religious congregation, or may consist of co-workers in an employer-sponsored conference, students in a school-sponsored conference, or family members. Students in High School or elementary school will each need written parental permission in order to participate in a school-sponsored conference.

### Conference Costs:

An in-person conference with up to 300 participants may be scheduled for a cost of \$1000 to \$3,000.

A video or telephone conference with up to 300 participants may be scheduled for a cost of \$500. Note: Video and telephone conferences will permit responses only to questions submitted in writing, if time permits a response.

### Contact:

To schedule a conference, call us at 917.375.2619, or send an email to Joan M. Perryman at [jperryconsulting@aol.com](mailto:jperryconsulting@aol.com).
